

SHARK350

WAB-35E-3C

DESIGNED FOR SAFETY AND EASE OF USE

An easy-to-use 850mm tall table

The height of the table is 850mm. It is made comfortable for everyday heavy labor.

RELIABLE GUIDE STOPPER

The blade guard stopper is designed to not fall off even in the case where the screws loosen.

IMPROVED SAFETY

The interlock mechanism used in the upper and lower doors prevent accidental start of the machine.

THE BRAKE MOTOR MECHANISM (OPTIONAL)

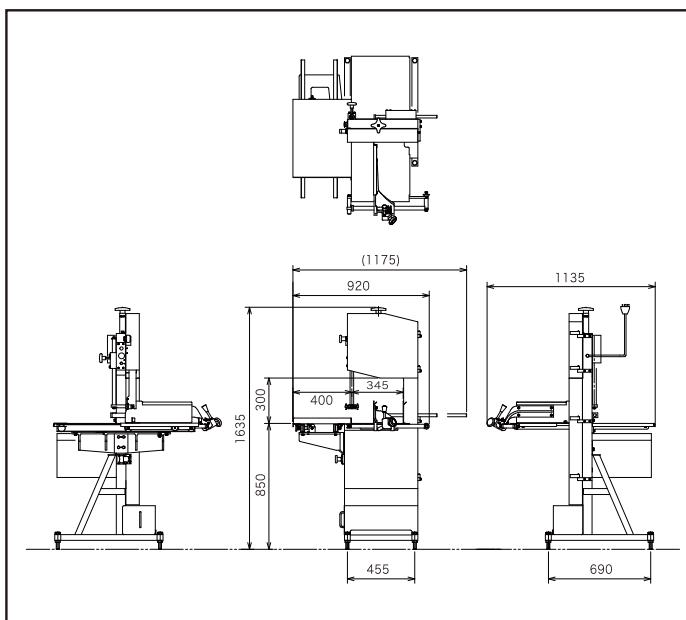

Using the brake motor mechanism, the time from machine stop to blade stop has decreased.
