

ADS AUTO PRESS MACHINE

WPM-K22ADS-AT

Next generation machine with workability and safety

Power source

Under the food processing environment...

Electricity

A lot of trouble...
(Necessary to have water, dust, drip proof preparation)

Hydraulic

Big issue when contaminating food products...
(Necessary to have foreign matter contaminate preparation)

Pneumatic

Not strong enough...
(No good energy consumption efficiency)

Correspondence for HACCP, ISO22000, EHEDG is the task

Aqua Drive System : ADS

Whole washable.
Contamination less because using tap water for water pressure.
Easy changeable pressure power.

Workability

Auto press process making great workability. Operation setting by touch screen.

Safety

Press part adopt light curtains for improve safety and workability.

Equality of press quality

Best proglaming by control the position of water pressure Cylinder.

Sanitary

All stainless body. Washable by water around press part. Less the cleaning process.

WPM-K22ADS-AT

Frozen standard portion slice

Fixed form, Fixed quantity standard production.

Improve yield

Less end meat cause of molding material.

Line

WPN-A360

WBS-CA

Batch processing

WFC-V360

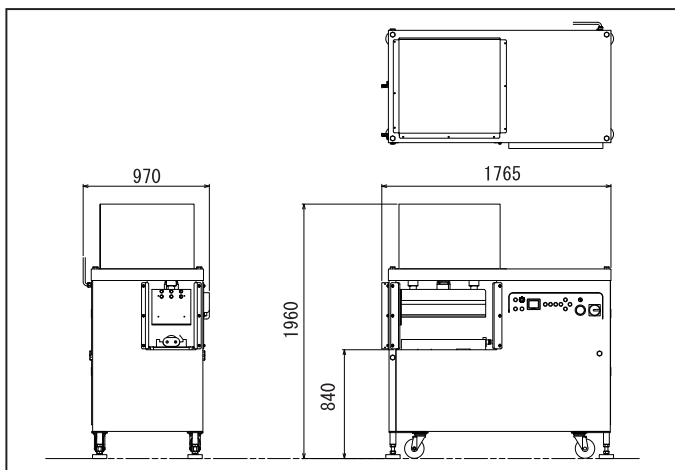

WBG-410

■ Specification

Dimensions	W1765xD970xH1960mm
Max press size	W240xH120xL620mm
Press capacity	3~4press/min
Press temperature	Depends on meat shape and thick
Top/Bottom press power	Max 22 ton
Side press power	Max 2.8 ton
Rating electric capacity	Output 5.5kW Rating current 23A
Power supply	3Phase 200V 50/60Hz Above50A

■ Drawing
